# PERLICK WINE COLUMN REFRIGERATION

## GO VERTICAL TO FIND SPACE FOR EXPANDING YOUR WINE OFFERING

### High Capacity - Small Footprint.

Don't let limited square footage limit your wine list. By expanding up, you'll have plenty of space to create an impressive offering of fine vintages.

- **Precise Temperature and Dynamic Humidity Controls** – ensure ideal conditions for proper maturation
- **Carbon Air Filtration** – keeps air purified, free from damaging odors
- **Stainless Interior** – for maximum durability and restaurant standard cleanliness
- **Triple-pane UV Glass Door** – protects wine from light exposure that can cause oxidation in wine
- **Environmentally Friendly** – hydrocarbon refrigeration system reduces your carbon footprint by up to 99%
- **84" Tall** - 24" x 24" footprint provides high capacity wine storage in a compact space
- **Single and Dual Zone Models Available**
- **Programmable Blue and White LED Interior Lighting** with slow fade effect for on and off setting

**PerliQ** - State Of The Art digital touch screen provides precise control over all wine column functions.

**Convertible Display Shelf** - In display mode, it showcases your finest vintages. In standard, flat mode it maximizes storage capacity.

Scan this code for more information on Perlick Wine Column Refrigeration.

# TOP SHELF STORY

For many years, Perlick Top Shelf Underbar equipment has been the preferred choice of professional bartenders because they know properly designed bars and reliable equipment allow them to be creative, efficient and most importantly, profitable. Top Shelf products reflect Perlick's true passion for design, craftsmanship and innovation.

When you select any underbar equipment from the Perlick TS

Series, you'll find it lives up to its "Top Shelf" name and offers exceptional value. No matter if the shape of your bar is straight, curved, round or square, Perlick's custom underbar equipment is custom fabricated to match the contours of your bar and surpass your expectations.

## TS Series

The Top Shelf heritage starts with our modular line of TS equipment that allows designers to showcase their creativity by designing extremely efficient work stations. TS series equipment has an overall depth of 18-9/16" and comes with a 6" high backsplash (4" high optional). Sinks in the TS Series utilize backsplash mounted water faucets.

TS Series

## TSD Series

Except for the "Deck" style Backsplash, the TSD series of Top Shelf Underbar is identical to the TS series. The "D" style backsplash has a flat deck at the back of the equipment, which adds 5-7/16" to the overall depth. Sinks in the TSD Series utilize deck-mounted water faucets. The deck serves multiple purposes. TS equipment with an optional speed rail has an overall depth of 24" which matches the overall depth of TSD equipment. This creates a flush equipment front surface to eliminate those dreaded "knee knockers". The TSD series also moves the rear equipment legs away from the die wall, allowing clearance for beverage lines and plumbing. Finally, the Deck style backsplash is perfect for creating a beverage chase to easily route beverage lines behind and above the Underbar equipment.

TSD Series

## TSF Series

The Top Shelf "Full" depth series of Underbar uses the same 6" high, straight backsplash as the TS series. It creates a full 24" deep Underbar by using larger depth work surfaces. TSF series Underbar increases the volume of ice chests and the useable work surface of Drainboards by 34 percent. Just like TSD series, the TSF series has the rear equipment legs away from the die wall to allow ample room for routing mechanicals.

**TSF Series**

## TSS Series

An abundance of Top Shelf modules can be configured to create a multitude of unique service stations. The TSS series uses a 3" flat deck to connect back-to-back Underbar modules. These 38" deep factory-assembled sections create a highly efficient station so your bartenders and servers can work as a team.

**TSS Series**

## PTS Series

In addition to 38" deep service station modules, the PTS series offer pre-configured 32" deep pass-thru stations, which makes choosing ultimate cocktail station a snap. PTS series stations are intended to be used in an open area of the bar and offer uninterrupted work surface for your bartenders and servers.

**PTS Series**

# WHICH BAR IS RIGHT FOR YOU?

## Modular Bar

---

If your project is new construction or a complete remodel and there is no existing bar, then Modular Bar is your ultimate factory-assembled solution to save both time and money. The Modular Bar structure is a heavy gauge frame that creates the die wall and the equipment supports for your underbar lineup. The complete bar interior, from top to bottom, is furnished in stainless steel to create a smooth finished appearance. All plumbing and electrical chases are built into the structure and removable millwork panels (supplied by others) provide easy, lift-off access to service utilities and beverage lines.

No matter if your bar is straight, round or curved, every Underbar module in our "Top Shelf" offering can be factory assembled in modular bar sections up to 8 ½ ft. long. With Modular Bar, you're assured that every piece of the puzzle fits.

## Preassembled Underbar\*

---

When a bar die already exists or is being built by others, Perlick can preassemble many of our Underbar modules, per the bar drawing, into straight sections up to 8 ½ ft long. These straight sections eliminate field connections and save time. Preassembled sections that share a common front apron also share a common backsplash to give your bar a smooth, custom appearance. The factory determines the appropriate number of legs required for each preassembled section to give your bar the professional and uncluttered look you demand.

\*Contact your Perlick Representative to configure preassembled sections.

## Freestanding Underbar

---

Freestanding Underbar modules are built and shipped as individual pieces with their own backsplashes and front aprons. Each module ships with a complete set of legs. Freestanding units give you complete control to make last-minute design changes or respond to unforeseen obstacles at the job site.

# TOBIN ELLIS SIGNATURE COCKTAIL STATION & DISPENSING

With over 28 years of bartending and bar consulting, including 14 years of designing bars all over the world and winning six national bartending titles, Tobin Ellis was tapped by Perlick to re-imagine a bartender's station with the bartender in mind. Focused on ergonomics, speed, and customization, this resulted in the only bartending equipment ever to receive the coveted "Good Design" Award for commercial design presented by the Chicago Museum of Design & Architecture as well as being named a top-10 finalist for the 2016 FCSI Foodservice product of the year. We decided to utilize his expertise once again when developing our new Draft Cocktail System.

# SODA GUN AND FILLER SECTIONS

Soda Gun Fillers are designed to mount Wunder-Bar® or Schroeder America™ 8-14 product soda gun manifolds and drip cups (not included). Manifolds mount to a universal interior side bracket to conceal soda lines. The Drip Cup mounts to the Top Cover which is removable without tools for easy access and service. Soda Gun Fillers have no provisions for legs. Filler must be mounted to adjacent equipment. Soda Gun, Manifold and Drip Cup are not included. Shown for illustration purpose only!

# LIGHTED MERCHANDISE DISPLAYS FOR CUSTOM SERIES CABINETS

All models are constructed of stainless steel with 4" deep acrylic tier inserts for illumination. Each unit has UL Listed electrical components and super bright energy saving LED lights for long life - 50,000 hours minimum. On/Off switch and power cord located on the left or right option allows for adjoining units to create longer displays. The raised 2 tier unit has an illuminated front panel for use with Perlick Glass Merchandise display units (see page 66 for pricing). Select models now available with blue LED lighting.

# WINE COLUMN - SINGLE AND DUAL ZONE

Wine Column Refrigerator, single or dual zone, glass overlay ready door, optional stainless steel sides, full extension wine shelves, one convertible display shelf, 4" toe kick, door lock included, R600A Isobutane refrigerant, triple pane, low-E, bronze tinted glass, right or left hinged. **Door overlay ordered separately.**

## High-capacity — Small Footprint.

Don't let limited square footage limit your wine list. By expanding up, you'll have plenty of space to create an impressive offering of fine vintages. Perlick's space efficient, climate controlled column refrigeration for wine takes advantage of available vertical space.

- 84" tall - 24" x 24" footprint provides high capacity wine storage in a compact space.
- Factory set sensor maintains optimum humidity level.
- Programmable Blue and White LED interior lighting with slow fade effect for on and off setting.

## Single Zone (23-3/4" Wide, 24-1/16" Deep, 84" High)

# CENTURY REMOTE BEER SYSTEMS

When dispensed properly draft beer will generate huge profits for the operator. Perlick knows more about profitable draft beer dispensing than anyone else in the industry because we pay attention to detail. That's why it pays to choose a Century Beer System. Century has been the choice of smart operators for over 35 years.

The right pressure source, a properly-sized glycol chiller, and Century's unique trunk housing and dispensing heads combine to ensure that the Perlick Century Beer System will outperform any other long-draw beer system on the market today.

We're so sure you'll appreciate the difference that we guarantee your complete satisfaction. It's a guarantee you can count on, backed by Perlick's affiliation of over 80 years with the brewing industry.

## Dispensing Heads

- Available in many different styles and finishes.
- Tarnish-free polished brass never needs polishing.
- From one to multiple faucets.
- Factory-balanced restrictors control flow to guarantee solid beer.
- Copper coolant lines and metal cold block maintain chilled beverage temperatures right to the faucet.
- Insulated with polyurethane foam.
- Optional shanks and faucets available.

# TERMS AND CONDITIONS

The terms and conditions set forth below together with those appearing on the face of the Acknowledgement (the "Order") constitute the complete and exclusive agreement between Perlick Corporation and the Buyer pertaining to the goods and/or services identified in the Order. If there is a discrepancy or conflict between any exhibit or supplement to the Order and these terms and conditions, these terms and conditions shall control. The Order is intended by Seller and Buyer to be the complete, exclusive, and final statement of their agreement. Any changes to an Order must be in writing and signed by Perlick and Buyer.

## TERMS NET 30 DAYS

Payment by Visa, MasterCard or Discover card accepted or cash in advance unless prior accommodations have been made with our Credit Department. Please direct inquiries for detailed information to our Credit Manager. All sales, excise, or similar taxes required by law to be collected or paid by seller shall be in addition to prices quoted unless an appropriate Tax Exemption certificate is furnished. All goods are sold F.O.B. factory. Except for otherwise provided, Perlick will not be responsible for freight, transportation, insurance, shipping, storage, handling, demurrage or similar charges. Invoices are payable in full in thirty (30) days following the invoice's date of issuance. If by the terms of sale credit is extended, Perlick reserves the right to revoke such credit if buyer fails to pay for any products when due and may demand payment prior to the commencement of any further shipment.

## WAIVER

Any waiver of strict compliance with the provisions of an Order must be in writing. No such waiver shall be construed as a waiver of any other term or condition except as provided in writing, nor as a waiver of any subsequent breach of the same term or condition.

## METHOD OF SHIPMENT

All shipments are carefully packed and labeled. Crates, boxes and cartons used are of approved weight and strength. Freight rates are based upon 100 pound minimum.

## LOST and DAMAGED MERCHANDISE

THE RESPONSIBILITY OF THE PERLICK CORPORATION CEASES UPON ACCEPTANCE OF ITS PRODUCTS BY THE CARRIER. Any damage or loss sustained in shipment is the carrier's responsibility. Before giving the carrier a clean receipt at time of delivery, make sure you receive every item on the bill and inspect every carton, crate and box for concealed damage, i.e., broken boards, crushed or punctured cartons, torn cardboard. IF ANY ITEMS ARE SHORT OR DAMAGED, DO NOT ACCEPT THE SHIPMENT UNLESS THE CARRIER MAKES A NOTATION OF THIS ON YOUR FREIGHT BILL. Then request an inspection. Do not destroy the packing materials. If their agent does not make an inspection within five days, advise the carrier via letter that you notified them regarding the matter and they have failed to act. You will need this letter to support your claim. Then file a claim for your loss. When you give the carrier a clean receipt, you accept the total responsibility for the shipment. UPS shipments are insured individually and UPS will replace all merchandise that is lost or damaged.

## RETURN OF MERCHANDISE

Do not return any merchandise without our approval. Merchandise returned without a return merchandise authorization number will not be accepted at Perlick.

Used, discontinued, and certain custom made items cannot be returned for credit. These custom items include non-catalog products (specials) as well as custom assembled catalog products. Catalog items are designated as non-returnable on the price list page on which they appear. Items returned must be in new condition and packaged in their original carton or crate. Freight charges must be prepaid on all return shipments.

When a return is authorized, a credit may be allowed pending an examination of the returned goods. The amount of the restocking charge will depend on the condition of the equipment. The minimum restocking charge for glasswashers, bottle coolers, frosters, direct draws, cooler series back bars and accessory parts is 20%. The minimum restocking charge for custom series cabinets is 50%. The minimum restocking charge for unassembled, freestanding underbar stainless steel modules is 20%. Assembled underbar modules are considered custom products and are not returnable for credit. The restocking charge on the item returned is either a percentage of the value of the item or \$35.00, whichever is greater.

## ONE YEAR PARTS WARRANTY

Perlick products are guaranteed against defects in both material and workmanship for a period of one year from date of sale. Defective parts will be replaced on a no-charge basis, F.O.B. our factory, when adjudged defective upon inspection. We are not responsible for parts damaged by alteration, unauthorized service, accident or abuse. All costs incident to replacement, to include freight, labor and/or loss of sales, must be borne by the user.

## ONE YEAR LABOR WARRANTY

In addition to Perlick's one year parts warranty and five year compressor warranty, ALL PERLICK REFRIGERATION SYSTEMS are offered with a one year labor warranty at no extra charge. Perlick's one year labor warranty provides that Perlick will pay for the cost of any labor to replace any defective part for up to one year after installation, subject to the following terms and conditions:

- (A) Parts returned to Perlick shall be returned freight prepaid and shall be identified with Perlick's serial number and return authorization number.
- (B) Improper operation due to voltage variances, inadequate wiring and physical damage is the responsibility of the purchaser. They are not manufacturing defects.
- (C) Condenser coils shall be cleaned regularly. Failure to provide an adequate flow of cooling air will void this warranty.
- (D) Factory-specified maintenance and installation will be provided by the selling dealer who shall also be responsible for the installation and set-up of these products in accordance with local plumbing, refrigeration and electrical codes.

Perlick's one year labor policy applies to the United States and Canada. IT DOES NOT APPLY TO REFRIGERATION SYSTEMS ADDED BY OTHERS (remote systems) or any part which has been subject to misuse, neglect, alteration, accident, or to any damage caused by transportation, flood, fire or other acts of God.

**SECOND YEAR EXTENDED PARTS & LABOR WARRANTY**

Perlick’s 1 year parts and labor warranty can be extended to two years with the purchase of a two year parts and labor warranty. To obtain this protection, order as follows:

Part No.	Description	Net Price
730	2nd year extended parts and labor warranty for Refrigeration products	<b>\$163.00</b>
730G	2nd year extended parts and labor warranty for Glasswashers	<b>\$197.00</b>

**FOUR YEAR ADDITIONAL COMPRESSOR WARRANTY (Self Contained Units)**

The Perlick Corporation will warrant to the original user the sealed-in mechanism consisting of the motor compressor and component parts within the sealed housing of the condensing unit for an additional period of four years following the regular one-year warrant period. This plan applies to the compressor only, installed within the United States and Canada.

Perlick’s 1 year parts labor/service policy applies to the United States and Canada. It does not apply to refrigeration systems added by others (remote systems) or any part which has been subject to misuse, neglect, alteration, accident, or to any damage caused by transportation, flood, fire or other acts of God.

Perlick’s 1 year parts & service/labor warranty provides that Perlick’s registration card be completed and mailed within ten days after the date of installation. Failure to reply promptly could void Perlick’s labor/service warranty.

**EXPORT-1 Year Parts Only.**

**EXCLUSION OF WARRANTIES**

EXCEPT AS PROVIDED ABOVE PERLICK MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON INFRINGEMENT.

**WARRANTY CONTACT INFORMATION:**

Technical Service (Partstown) phone number: 844-411-8050

Technical Service email (Partstown): servicedept@perlick.com

Warranty Claim Submissions (Perlick): warrantyinvoice@perlick.com

**LIMITATION OF REMEDIES AND DAMAGES**

If Buyer makes a valid and timely claim as outlined above, Perlick’s liability and Buyer’s remedies under this agreement will be limited solely to labor charges authorized and/or replacement or credit, at Perlick’s option, with respect to Products returned at Buyer’s expense within thirty (30) days after warranty repair. PERLICK’S LIABILITY WILL IN NO EVENT BE GREATER IN AMOUNT THAN THE PURCHASE PRICE OF THE RETURNED PRODUCTS. PERLICK WILL NOT BE LIABLE UNDER ANY CIRCUMSTANCE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LABOR COSTS EXCEPT AS COVERED UNDER OUR WARRANTY, LOST PROFITS OR THE LOSS OF PERISHABLE PRODUCTS RESULTING FROM THE USE OF OR INABILITY TO USE OUR PRODUCTS OR FROM OUR PRODUCTS, INCORPORATION INTO OR BECOMING A COMPONENT OF ANY OTHER PRODUCT. NEITHER PARTY WILL HAVE ANY NEGLIGENCE OR OTHER TORT LIABILITY TO THE OTHER, OR TO ANY THIRD PARTY, ARISING FROM ANY BREACH OF THIS AGREEMENT.

**GOVERNING LAW; JURISDICTION**

The terms and conditions of an order are to be governed and construed according to the laws of the State of Wisconsin, without regard to conflict of laws principles. Buyer hereby consents to the jurisdiction and venue of the courts located in Milwaukee County, Wisconsin.

**NOTE** - Perlick is committed to continuous improvement. Therefore we reserve the right to change prices, specifications and policies without prior notice.
